My Dear Governor:

As Director of the Department of Insurance, State of Idaho, I am pleased to submit to you the Eighty-Ninth Annual Report of the Department of Insurance, State of Idaho, for the fiscal year July 1, 1989 to June 30, 1990, as required by Section 41-216, Idaho Code.

The statistics in this report are compiled from the December 31, 1989 Annual Statements filed with this Department by insurance companies licensed in Idaho.

Respectfully submitted,

DEPARTMENT OF INSURANCE
STATE OF IDAHO

Anthony J. Fagiano
Director

MESSAGE FROM THE DIRECTOR

It is my pleasure to present the Eighty-Ninth Annual Report of the Idaho Department of Insurance.

Our Department consists of three divisions: Regulation, Administration, and the Office of the State Fire Marshal. The challenges facing the Department are difficult and complex. However, the Department is well-positioned to oversee the changes occurring in the insurance industry and to meet those challenges.

Our accomplishments during the past year could not have occurred without a great deal of hard work and dedication by a large group of quality people. Whether they are responding to citizen inquiries about insurance policies; examining the financial condition of insurance companies; licensing and monitoring all types of insurance companies, health care service contractors, fraternal benefit societies, motor clubs, and the agents of these entities; reviewing insurance rates for actuarial legitimacy; or conducting disciplinary hearings relating to companies or agents; our employees have proven time and again that their expertise, diligence, and devotion to duty ranks second to none.

Being a small agency with a huge workload, I want to thank our state government employees for their resiliency, flexibility and efforts this past year. Only with each employee's continued hard work can the Department meet its objective to be the public's chief advocate in insurance matters.

The following report will outline the important strides that the Department made in Fiscal Year 1990.

Anthony J. Fagiano
Director

MESSAGE FROM THE ADMINISTRATOR OF ADMINISTRATION

The Division of Administration is committed to supporting our Director as well as the Division of Regulation and the Office of the State Fire Marshal in creating an excellent and efficient insurance regulatory body for the policyholders of the State of Idaho! In achieving this goal, the Administration Division--which encompasses accounting, personnel, data processing, word processing, and premium tax--has completed many objectives in Fiscal Year 1990 and formulated even more for the coming year.

The fiscal section fully implemented a purchase order system and a motor pool while bringing our Department on line with the State Accounting and Financial Reporting System to allow for full compliance with governmental accounting principles.

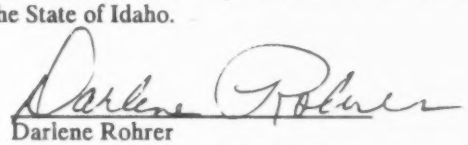
Data processing initiated analysis and programming for a policy rates and forms tracking system as well as the company list data base. These two systems mark our initiation of automation of the Department on Oracle, a fourth generation, relational database. We hope to make tremendous strides over the next year in automating major functions in the Department.

We reorganized the word processing section to allow for support of the Department as a whole. This effort has been smooth and very effective.

Our policy manual and training effort for Department personnel achieved a new level, meeting our needs for further development of a staff already strong in many basic skills. We hope to complete skill assessment and individual training packages for most of our personnel in developing and implementing a complete human resources program.

Our premium tax section, once again, provides solid revenue projections while updating auditing of the revenue base. Additionally, this section now accounts for all liquidations under the direction of the Director.

Our desire, as a division, is to achieve more in 1991 than we did in 1990. This objective entails high expections of our staff which they are capable of performing. The Department and our division appreciate the opportunity to serve the people of the State of Idaho.



Darlene Rohrer
Administrator of Administration

EEO POLICY STATEMENT

The Department of Insurance is committed to equal employment opportunity. The Department has an annual affirmative action plan. This plan will be monitored by the Administrator of the Division of Administration to insure that: (a) all qualified applicants in the prescribed area of recruitment have an equal opportunity to compete for jobs; (b) certifiable applicants on registers receive an equal opportunity for selection; and, (c) employment practices are job related.

The Department has established an Affirmative Action Plan with respect to equal employment opportunity. The Department's Affirmative Action Plan is prepared in conformity with the Equal Employment Opportunity Commissioner's Guidelines on Affirmative Action (29 CFR, Part 1608, effective January 11, 1979). This Affirmative Action Plan is designed to provide guidance to management with respect to the agency's commitment to full implementation of the EEO/Affirmative Action policy. It is the policy of the Department of Insurance to:

1. Continue to provide equal employment opportunity to all qualified persons, and to continue to recruit, hire, train, promote, evaluate, and compensate persons in all jobs without regard to race, color, religion, sex, national origin, age, handicap or veteran status.

2. Identify and analyze all areas of its employment process so as to further the principles of equal employment opportunity. Employment decisions in all areas will be made on the basis of furthering the objective of equal employment.

3. Administer personnel actions affecting employees in areas such as compensation, benefits, transfers, layoffs, returns and layoffs, and training without regard to race, color, religion, sex, national origin, age, handicap or veteran status. The agency will review personnel actions and will collect data on a continuing basis for the purpose of monitoring such actions.

SUMMARY OF INSURANCE-RELATED LEGISLATION
ENACTED IN 1990

HB449 (Effective 7-1-90)
Amends Idaho Code Section 72-319 to establish an additional penalty for failure to secure workers' compensation insurance.

H470 (Effective 7-1-90)
Amends Idaho Code Section 41-4004. There will no longer be a minimum requirement of 500 beneficiaries before a self-funded health care plan can register. Beginning July 1, 1990, all self-funded health care plans will be required to register with the Department.

HB518 (Effective 7-1-90)
Adds a new section, Idaho Code Section 41-4816. This clarifies current law regarding the payment of premium tax on transactions involving purchasing groups.

HB519 (Effective7-1-90)
Adds five new sections, Idaho Code Section 41-2143, Section 41-2217, Section 41-3440, Section 41-3935 and Section 41-4024. The intent of this legislation is to require insurers to pay governmental agencies who provide service, which are covered by their policy, as they would pay a private provider of the same service.

HB534 (Effective 7-1-90)
Adds a new section, Idaho Code Section 41-2855. Allows a mutual insurer to convert to a stock insurer with the approval of the Director of the Department of Insurance. The legislation spells out specific criteria that must be met for the Director to approve such a reorganization.

HB598 (Effective 7-1-90)
Amends Idaho Code Section 41-3805. Enables the Department to defray expenses incurred during a takeover of an Idaho domestic insurer. The expenses will be borne by the party seeking the acquisition. There have been three hostile takeovers in the last two and one-half years for which the Department was unable to recoup expenses.

HB674 (Effective 7-1-90)
Amends Idaho Code Section 41-239. This legislation will enable the Department to follow the rules of evidence that apply generally to administrative proceedings before all state agencies as provided by Idaho Code Section 67-5210.

HB676 (Effective 7-1-90)
Amends Idaho Code Section 41-1041 to permit an applicant for an insurance agent's license to retake the examination upon failure after a 28-day waiting period.

HB694 (Effective 4-5-90)
Amends Idaho Code Sections 41-4402, 41-4404 and 41-4405 in order to conform Idaho's medicare law with the National Association of Insurance Commissioner's (NAIC) model law. The Federal repeal of the Medicare catastrophic law necessitated that Idaho change the statute.

HB696 (Effection 4-5-90)
Amends Idaho Code Chapter 46, Title 41, entitled "Long Term Care Insurance", to provide more benefits and protection to consumers under the long-term care insurance statutes. The amendments will place the statute into compliance with the NAIC Model Act.

HB767 (Effective 3-23-90)
Adds Chapter 49, Title 41, to Idaho Code to establish the Idaho Petroleum Clean Water Trust Fund to provide insurance for corrective actions and payment of claims for property damage arising from the release of petroleum from storage tanks.

HB782aa (Effective 4-1-90)
Repeals Idaho Code Section 49-1233 and amends Idaho Code Sections 49-236, 49-328, 49-1208, 49-1229, 49-1232, 49-1428, 49-1501 and 18-8001 to require proof of financial responsibility to be maintained for operators of motor vehicles who have been convicted of violations; to provide criteria for a person to know or have knowledge that his driving privileges have been taken away; and to establish a reinstatement fee for disqualified drivers.

HB835 (Effective 4-12-90)
Amends Idaho Code Section 41-2804 to allow mutual insurance companies to have corporate names which do not require the word "mutual" to be part of the name.

SB1405 (Effective 7-1-90)
Adds Idaho Code Section 41-2516 to allow a person to suspend their automobile insurance coverage for a period of up to 180 days when the vehicle is not driven within the state.

SB1446 (Effective 7-1-90)
Adds Idaho Code Section 41-1842 and amends Idaho Code Sections 41-1815 and 41-2401 to eliminate mandatory policy language in commercial and business insurance policies and to provide for notice of cancellation, nonrenewal or changes of certain terms of such insurance.

SB1490aa (Effective 7-1-90)
Amends Idaho Code Section 41-4605 concerning long-term care insurance statutes to require coverage of additional services; to redefine pre-existing condition; to specify requirements for the application for coverage; and to require reports of insurance cancellation to the Department of Insurance.

BULLETINS ISSUED IN FY90

Bulletin Number	Subject
89-4	Automobile Insurance Premium Discounts for Senior Citizens Completing Motor Vehicle Accident Prevention Course (July 1, 1989)
89-5	Rate of Interest on Deferred Payment of Cash Surrender Benefits Effective July 1, 1989 (August 15, 1989)

1989	3% (1.6% if qualified for reduced rate)	4 cents per subscriber certificate per month	4 cents per subscriber certificate per month	4 cents per beneficiary certificate per month	3%	1.5%

NOTE: In calendar year 1987, tax liability for risk retention groups was established. Risk retention groups are taxed at the same rate(s) as stock and mutual insurers. The total tax collected for calendar years 1987 and 1988 totaled $20,800. In calendar year 1989, premium taxes increased to $33,100.

Premium Taxes are collected by the Department of Insurance and deposited into Suspense Account #3928 to be distributed as follows: 10% to the refund account; a portion, based on a pre-determined factor, to the firemen's retirement account; and the balance to the general fund. Premium taxes collected from authorized insurers are in lieu of all other state and local taxes payable in the State of Idaho with the exception of real property tax [Idaho Code, Section 41-405(1) and (2)].

Premium tax offsets are allowed to the extent of 100% of the premium tax liability, unless otherwise indicated.

Domestic Examination Expense - The examination expense paid to or for the account of an examiner, actuary, or other assistant designated by the director for the purpose of the examination will be allowed as an offset. The offset, or any remaining portion thereof will be allowed for any of the three years following the year in which the expense was paid [Idaho Code, Section 41-228(3)].

Workers' Compensation Offset - All workers' compensation insurers must pay a 2% premium tax to the Idaho Industrial Commission (Idaho Code, Section 72-523) on all business written. An offset of 1.3% of the workers' compensation premiums reported to the Idaho Industrial Commission will be allowed against the 3% workers' compensation tax liability to the Department of Insurance (Idaho Code, Section 72-523) on all business written. The offset cannot be allowed against any other lines of insurance.

Idaho Life & Health Guaranty Association Offset - All Class B and Class C assessments may be offset to the extent of 100% of the amount of the assessment. The offset, or any remaining portion thereof, will be allowed for any of the five calendar years following the year in which the assessment was paid [Idaho Code, Section 41-4314(1)].

The annual premium tax liability is based on calendar year premiums written. Premium taxes are prepaid in quarterly installments based on prior year's premiums and current year's tax rates. The installments are as follows: 60% due June 15, 20% due September 15, and 15% due December 15. The reconciliation payment is made on March 1 of each year.

STATE FIRE MARSHAL

Message from the State Fire Marshal 39
Arson, Fire and Fraud Division Operating Statistics 40

MESSAGE FROM THE STATE FIRE MARSHAL

The Office of the State Fire Marshal functions as a division within the Department of Insurance. The division is under the direction of the State Fire Marshal who is appointed by, and serves at the pleasure of, the Director of the Department of Insurance.

In its broadest sense, the mission of the Office of the State Fire Marshal is to establish a basic environment of fire safety for the citizens of Idaho. This environment serves as a foundation to be built upon and molded by local agencies to meet their specific needs. The State Fire Marshal is able to achieve the objective of public fire safety because enforcement of the minimum fire safety standards is generally carried out by legally organized local fire authorities. This delegation of enforcement responsibilities eliminates duplication and overlap of effort and, at the same time, preserves the concept of local autonomy.

The mission of the Office of the State Fire Marshal is carried out in three basic ways: (1) by regulating buildings in which people live, congregate, or are confined; (2) by controlling substances and products which may, in and of themselves, or by their misuse cause injuries, death, and destruction by fire; and, 3) by training and education in fire protection methods and responsibilities. Reduced to its simplest terms, the function of the State Fire Marshal is fire prevention. That function is accomplished through several program elements including field operations, technical services, regulation development, training, arson investigation, public education, and fire incident reporting.

Presently, the Office of the State Fire Marshal consists of nine positions. This staffing includes the State Fire Marshal, six field deputies, one office coordinator, and one microcomputer systems coordinator. The State Fire Marshal maintains headquarters in Boise with regional offices in Pocatello, Lewiston and Coeur d'Alene.

Lee Bright

MESSAGE FROM THE ADMINISTRATOR OF REGULATION

Insurance regulation in the United States began in the mid-19th century, first with the requirement of filing financial reports with the state and then with the creation of specialized regulatory agencies -- the state insurance departments.

Insurance is a large private industry and is important in the way we do things in our economy and society. The insolvency of an insurance company is disruptive economically and socially. It hurts people most when they have unpaid claims, which can amount to hundreds of times what they paid as premiums.

In an effort to address solvency concerns, the NAIC (National Association of Insurance Commissioners) Financial Regulation Standards Committee has developed an accreditation program. To assist states in assessing their compliance with the standards, a self-evaluation guide was prepared and sent out to the states to be completed. In addition, the NAIC began a detailed review of the laws and regulatory section of the self-evaluation guide to alert states to differences between the NAIC Model laws and the state's statutes and regulations cited in the survey.

A system of effective solvency regulation has certain basic components. It requires that the insurance department have adequate statutory and regulatory authority. It also requires that the department have the necessary resources to carry out its responsibility. Additionally, it is important that the insurance department have in place organizational and personnel practices designed to foster effective regulation.

In order to provide both guidance in regard to these minimum standards and an incentive to put them in place, the NAIC adopted a formal certification program.

The Idaho Department of Insurance will be working to meet the outlined requirements and request a visit by the NAIC independent examination team to determine whether our department will meet the statutory and administrative directives.

Consumer needs in Idaho continue to be a major concern. Our Senior Health Insurance Benefit Advisors (SHIBA) program has offices in Pocatello, Lewiston and Boise. This program continues to educate senior citizens regarding enrollment and rights under Medicare policies and other senior products and provides assistance in filing claims and obtaining benefits. We have additionally worked with the Western Insurance Information Services (WIIS) to provide speakers to high schools, local clubs, and various public meetings with regard to property and casualty coverages. Members of the Insurance Department are also available to bring information to consumers on life and disability products.

Joan Krosch
Administrator of Regulation
